

OTA Delivers...

KNOWLEDGE

- Current information on the issues and regulations affecting the industry, delivered by the experts who understand the impacts to your business
- Webinar, online and classroom training on the newest topics and trends
- Safety and compliance resources, including regulatory assistance, CSA consultation, mock DOT audits and more

OTA Connects...

INDUSTRY PARTNERS

- Network with colleagues, through regular informational industry meetings, Technology & Maintenance Council and Safety Management Council meetings!
- Get discounts and savings from a number of partners including UPS, Willamette Traffic Bureau/JJ Keller, freight matching and a fuel purchase program. Plus, get your annual oversize and weight permits and employee benefits!
- Get linked in to the latest news and developments through the OTA Weekly Express, quarterly Advisor magazine and other special, up-to-the-minute announcements

OTA Ignites...

ACTION

- OTA represents the interests of the industry with the Oregon legislature, government agencies and other regulatory organizations on a local, state and national level
- Advocates for the interests of the trucking industry while you are busy taking care of business.
- OTA tracks bills and issues, providing testimony and giving a voice to the trucking industry

Make a difference for trucking in Oregon! Add your voice to those educating, informing and influencing decision makers and the public on how trucks bring it!
