

Member Services

OTA has been serving the needs of the state's trucking industry for 60 years. OTA is the only organization promoting and protecting the interests of the entire Oregon industry before the legislature, administrative agencies and courts. The Association is an authorized provider of both state and county permits. OTA also provides many services, including insurance and training, which improve the efficiency of its members' operations.

OTA Delivers...

- *Representation with state agencies and the legislature - protecting and promoting your interests*
- *Classroom/online training and consultation the keeps your company compliant and up to date*
- *An industry partner that provides information and services that positively impact your bottom line*
- *Networking opportunities with colleagues and industry representatives*
- *A trusted resource with the latest information on industry trends*
